

## How to Use this Guide

This guide is meant to offer advice on courses to take in the first year of college in order to progress towards a degree for new students at UNC Asheville, or their advisors. Completing a degree will require completion of both the Integrative Liberal Studies (ILS) curriculum as well as major requirements set by the department you choose to declare a major in.

Please [read the general plan first](#). This has information on 100-level requirements for ILS. Then you may review the section on your intended major. Designing your first-year plan will likely consist of beginning with the recommendations under your major, and then adding any and all ILS courses that you feel comfortable taking in your first year.

## Spanish

- The Spanish major requirements begin after satisfaction of language requirements through the beginning and intermediate levels. In other words, students must demonstrate competency through SPAN 220: Intermediate Spanish II (3) before taking any courses that contribute to a major in Spanish.
- Students can test into appropriate sections, demonstrate competence through this level, or simply begin at the elementary level.
- At the 100-level, students may take SPAN 110 and 120, which are elementary language instruction.
- At the 200-level, students must receive credit for, or test out of SPAN 210 and 220, the intermediate language courses, before pursuing major requirements which begin at SPAN 300: Oral Skills (3) and SPAN 310: Composition and Introduction to Literature I (3).
