This internship listing was created to provide you with examples of the types of internships a classics student can pursue. The opportunities may or may not be currently available depending on the employer.

Internships provide valuable opportunities for students to test out career options and/or to gain work experience in their chosen field. Simply defined, internships may be paid or non-paid experiences with an employer. Internships can be completed during the school year or during the summer. Academic credit (typically 1-3 hours) may be available for an internship depending on the student's department at UNC Asheville. You may visit <http://www.unca.edu/career/At-A-GlanceInternships.pdf> to view a listing of offered departmental courses. The Career Center also teaches a two-credit course each spring HWP 257, *Internship – Exploring Career Choices*, which is open to students of any major or academic level.

Many internships are “ready-made” and may be found through a variety of internet and print resources. The Career Center houses books and resources in the Career Library (259 Highsmith) for internship research and lists helpful internship search links at <http://www.unca.edu/career/internships.html>. Also keep in mind that you can “create your own” internship by directly contacting employers of interest. Contact the Career Center if you need assistance in preparing a resume and approaching potential internship sponsors.
