Federal regulations require every degree-seeking student to declare a major by his/her third year (5th semester) or sixty (60) credit hours which ever occurs first. However, at UNC Asheville, there are specific institutional and departmental prerequisites for declaring a major; only students who have fulfilled all prerequisites may declare his/her major. A student who is not eligible to declare his/her major but who has enrolled in his/her third year of full-time collegiate enrollment or reached junior standing may complete this form to designate his/her intended major program for purposes of monitoring successful academic progress for financial aid purposes only. Completion of this form does not constitute acceptance as a major in the academic department specified below. It is the student's responsibility to officially declare the major in the academic department as soon as the prerequisites for declaration have been completed. Your remaining prerequisites should be listed below.
